

Questions and Answers, Part 1 – Condition Survey & HPMS Data Collection
2013-2016

Date: November 20, 2012

Project Number: SPR-1(65)/106460-126000

County: Statewide

Project Description: Pavement Condition Survey of the state-maintained highway system and of HPMS sample routes off the state-maintained system, as well as roughness data collection on the National Highway System (NHS) – Statewide.

Dates Published in Clarion Ledger: November 7th and 14th, 2012

From: Scot Ehrgott, P.E. – MDOT Director of Consultant Services

Question #1: Is it Mississippi Department of Transportation (MDOT)'s desire to be able to rate pavement distresses for comparison to that provided by the contractor, or is the requirement intended to allow detailed review and Quality Control of the pavement images and distress data?

Answer: It is the MDOT's desire to allow detailed review and Quality Control of the pavement images and distress data.

Question #2: It states in the Legal Notice that MDOT is requesting a consulting firm to furnish and perform professional services utilizing a Cost plus Fixed Fee, Labor Hour Unit Price or Lump Sum/Firm Fixed Price contract. If that is the case, does MDOT want to have pricing included in this Expression of Interest response, or will that be requested/negotiated after a consultant has been selected.

Answer: MDOT does not request pricing as part of the proposal. All prices will be negotiated after a consultant has been selected.
