

## **RFQ Design-Build Question & Answer**

**Interstate 55 Bridge Preservation  
DeSoto, Tate, and Panola Counties, Mississippi  
Project Numbers: DB/IM-9999-02(253)/106720-301000, 302000, 303000**

**RFQ question received as of September 28, 2015:**

- 2. QUESTION: Can one person be assigned two Key Individual positions (Construction Manager and the Traffic Control Manager)?**

ANSWER: There is no provision in the RFQ that specifically prohibits one person from being assigned two Key Individual positions. However, it is preferred that the Responder assign each Key Individual position to a separate person on the team, unless the Responder can clearly and satisfactorily explain how one individual serving in the two different roles will not cause conflict between the two roles or impede that person's ability to perform both roles at the level required.
