

**WOODROW WILSON BRIDGE OVER MILL STREET AND RAILROAD
Hinds County, Mississippi
MDOT Project Number DB/TCSP-7281-00(003)/106494-101000**

**DESIGN-BUILD PROJECT
NOTICE OF INTENT**

The Mississippi Department of Transportation (MDOT) intends to solicit proposals for Design-Build services from firms interested in providing design and construction/repair services to the Mill Street Bridge on Woodrow Wilson Avenue in Hinds County, Mississippi.

This Project may include, but is not necessarily limited to, the following repairs: installation of bolted splice plate, repairs to damaged bridge railing and posts, repairs to concrete or removal of concrete in encased sidewalk cantilevers, installation of repair plates on web stiffeners where needed, cleaning, painting, and lubrication of bearings or replacement of bearings, installation of repair plates on cross frames where needed, and clearing of the scuppers.

The anticipated contract award will be November 2014.

The Mississippi Transportation Commission (Commission) will use a two-step process to select a firm with which to execute a contract for this Project.

The Request for Qualifications (RFQ) represents the first step in the process. The purpose of the RFQ will be to solicit Statements of Qualifications (SOQs) from firms interested in providing services necessary to complete the work required to complete the Project.

After evaluation and scoring of responsive SOQs, the Commission intends to short-list a minimum of two (2) Responders.

The short-listed Responders will be provided a Request for Proposal (RFP) and asked to submit a Volume 1 – Technical Proposal and a Volume 2 – Contract Price Proposal. A firm will then be selected for the entire Project utilizing the best-value selection method.

This NOTICE OF INTENT is issued to allow potential Proposers an opportunity to form Design-Build teams in anticipation of issuance of the RFQ for this Project. No formal submittal is required at this time. The RFQ is anticipated to be issued via the MDOT Website (www.goMDOT.com - under Contracts and Letting, Design-Build and Special Projects) in June 2014.
