

PROPOSED IMPROVEMENTS TO SR 304 / I-269

Marshall County, Mississippi

State Project No. DB\STP-0029-03(009)/102556-304000

QUESTIONS RECEIVED AS OF February 28, 2013

- 26. There are multiple channels of cold water creek within the limits of the proposed structure as shown on sheet 65 of the plans provided. Is there any prohibition to placing piles in the channels? If so, please identify by station the limits of the channels in which piling cannot be placed.**

There is no prohibition to placing a pile or piles in the Coldwater River Channels. The design and impact of placing a pile or piles in the channels shall meet the requirements of the Request For Proposals including, but not limited to, Section 12.3 of the Technical Requirements and Notice to Proposers No. 6004 DB.
