

RFP Design-Build Question & Answer

Improvements to Interstate 59 Pearl River, Forrest, and Lamar Counties, Mississippi Project Numbers: DB/IM-9999-06(016)/106594-301000, 302000, 303000

RFP question received as of November 19, 2013:

- 1. QUESTION: The introduction of the RFP (Page 3 and 4) requires the contractor to “provide permanent conditions to allow for contraflow” for sites 1-3 only. In the mandatory meeting, it was stated that sites 7 and 8 were exempt from the contraflow requirements. Page 349 of the RFP does not list any exceptions to the contraflow requirements. Please clarify which sites are subject to the contraflow requirements as stated on the technical requirements.**

ANSWER: Pages 3 and 4 from the RFP state that at Locations 1 through 3, the “Proposer shall provide permanent conditions to allow for contraflow.” The contraflow section of I-59 ends at Mile Marker 55. The requirements in 17.3 on page 349 of the RFP apply to all Locations 1 through 8.
