Dear Mr. Taylor:

Re: MS4 Stormwater Management Program
Small MS4 General Permit Coverage. No. MSRMS4024

Enclosed is a Certificate of Coverage granting MDOT, MS4 Stormwater Management Program coverage under Mississippi's Small Municipal Separate Storm Sewer System (MS4) General NPDES permit. The submitted Storm Water Management Program (SWMP) appears to meet permit requirements and will be reviewed further during compliance inspections and audits. The SWMP must be implemented according to the schedule outlined in the program and be fully implemented within five years from the date of permit issuance. Annual reports summarizing the progress made in implementing the conditions of the permit and elements of the SWMP must be submitted to MDEQ no later than the 28th day of January, each year for the term of the permit. The annual reports must address minimum elements identified in ACT 5 of the permit and any modifications to the program must be in accordance with ACT 6 of the permit.

This permit coverage is issued in accordance with the provisions of the Mississippi Air and Water Pollution Control Law (Sections 49-17-1, et seq., Mississippi code of 1972), and the regulations and standards adopted and promulgated thereunder and under the authority granted to the Mississippi Environmental Quality Permit Board pursuant to Section 402(b) of the Federal Water Pollution Control Act. Any appeal of this action must be made within the 30-day period provided for in Section 49-17-29(4)(b) Mississippi code of 1972.

Sincerely,

Harry M. Wilson III, P.E., DEE
