

The Local Public Agency (LPA) Division of the Mississippi Department of Transportation (MDOT) will be hosting a series of statewide training sessions that will cover the LPA project process and the Project Development Manual (PDM). The training session is required for all cities, counties, and state/local agencies who want to participate in federally funded LPA projects through MDOT. All consultant firms that would like to participate in work associated with the LPA program must also attend. MDOT will be certifying all attendees of the training sessions and certification will be required for use of Federal Funds. LPA's should send a minimum of two(2) LPA employees, and consultants should send a minimum of two (2) people from each office that will design or oversee projects in their particular area.

All sessions will begin at 9:00AM and end no later than 4:00PM. There is no registration fee for the attending the training sessions. Lunch will be provided at all locations.

Listed below are the dates and locations for the LPA Training sessions. Registration deadlines are included for each session.

To Register or inquire regarding a session, please contact Fred Ruder:

- fruder@mdot.ms.gov, (601) 359-7755

Please be sure to include the session being requested for, your name, title and organization, physical and email address.
