Inter-Departmental Memorandum

Date: June 9, 2009

To: Design Team Leaders
Active Consultants

From: Assistant Roadway Design Division Engineer
John Reese, P.E. *JR*

Subject: Pay Item Numbers

A new Pay Item list is now being generated daily directly from Construction division's master list. The Pay Item numbers in this list now include the unique number that Roadway Design has previously left off of Summary of Quantity Sheets. For consultant projects in which Phase B design has yet to begin and for In-House projects where quantity calculation has yet to begin, this new list shall be used to create Summary of Quantity sheets.

The names of the files are:
sqd-daily-english.plt (English 2004 Red Book)
sqd-daily-metric.plt (Metric 1996 Red Book)

For In-House projects, the files are located in your c:\rwd\input & c:\rwd\minput.

For District and TED designed projects, the files are located at \\rwdcadd\support\rwd\input & minput.

For Consultant projects, the files are located at the following address:

<http://ftp.mdot.state.ms.us>

Pay_Items

The old list, SQS.PLT is still available. Pay Items for the new list & the old list should not be mixed on one project because of the difference in the pay item numbers.
