

# MISSISSIPPI DEPARTMENT OF TRANSPORTATION

## *Inter-Departmental Memorandum*

TO: Roadway Design Squads

DATE: January 19, 1995

FROM: Roadway Design Division  
John B. Pickering *J.B.P.*

SUBJECT OR PROJECT NO: Pipe Alternates

INFORMATION COPY TO:

Files  
Design Squad Leaders

COUNTY:

Recently we have been finding errors on plans containing Pipe Alternates. If your project contains side drains, you must have a Pipe Alternate Recommendation in your letter file. Squads need to confirm that the gages and types of pipe listed on the Summary of Quantity sheet matches exactly with what is shown on the Pipe Alternate Recommendation.

Your full cooperation in this matter is expected.
