The English Pay Item list has been updated and revised to match the database in Construction Division. Mr. Mark Case has placed the revised list on the server. Please adhere to the new list when creating summary of quantities sheets. Please do **not** alter the pay item descriptions. Footnotes should be used for any pay item that requires clarification.

Hard copies will not be distributed. If you need a hard copy, you will have to print it out for yourself.

If you have any questions, please advise.
