Assistant Roadway Design Division Engineer (Purvis)  
Special Projects Engineer (Boteler)  
Roadway Design Section Engineers  
Specification Engineer (Funchess)  
District Engineers  
Active Consultants  
Files

The Special Design Sheet for Type D silt basin has been revised. Note 4 has been revised to the following: "... All costs for the removal and replacement to be absorbed in pay item for silt basin". All projects that contain Type D silt basins will also require three pay items to be included on the Summary of Pay Items. These pay items are shown below.

**236-A SILT BASIN (TYPE D):** This will include all costs for the placement, maintenance and removal of the silt basin.

**815-A LOOSE RIPRAP (SIZE 300):** This will include all costs for the riprap used in the construction and maintenance of the silt basin.

**907-815-F SEDIMENT CONTROL STONE:** This will include all costs for the sediment stone used in the construction and maintenance of the silt basin.

If you have any questions, please advise.
