

Design Team Members and others,

Please add the "907" prefix to pay item 306-A Asphalt Drainage Course on English projects. Metric projects will continue to carry the 907 prefix as before.

Design team leaders: Please inform your squad

Area Engineers: Please inform your consultants

Thank you  
Steven W. Reeves

**Subject:** Asphalt Drainage Course

We are having to change our specification for 306-A, Asphalt Drainage Course. Therefore, in the future we will need to start adding the "907" prefix to pay item 306-A on English projects. Metric projects will continue to carry the "907" prefix as before. Please advise the squads of this change. Thanks
