Subject: Request for Engineering Services Contract Status Report
Attachments: MDOT Master Agreement Status ReportExample.xls

I sent an email to all consultants under Roadway Design Division's Master Contract on January 3, 2006, requesting a monthly Master Agreement Status Report. It has worked so well, I am requesting all consultants that have an Engineering Services Contract with Roadway Design Division furnish the same information on a monthly basis.

I have attached an example sent in by a consultant that you can use as an example, but have removed some of the information due to the privacy of the consultant.

This information will be helpful in determining what action needs to be taken, and not allow a project to sit idle.

Thank you for your usual cooperation in this matter.

John B. Pickering
Roadway Design Division Engineer
Mississippi Department of Transportation
