Question #1: Would it be acceptable to submit a 25-page, full SF-330 to address items 1-3 of the 4 part submittal requirements?

Answer: The Consultant may utilize the SF-330 Part I at their discretion. However, the Consultant should provide all information stated in the RFI in the recommended format and order as instructed regardless of the format or order of the SF-330 Part 1. In addition, any information requested in the RFI and not included as part of the SF-330 Part 1 should still be incorporated by the consultant. As stated in the RFI, “CONSULTANTS are encouraged to thoroughly address and adhere to the recommendations and/or preferences of the Expression of Interest for the highest quality response. Failure to provide any of the information in the appropriate location indicated or adhere to the recommendations and/or preferences may adversely affect the CONSULTANT’s score.”
