

**ADDENDUM #1 – Intelligent Transportation Systems (ITS) Services Master
Contract 2016**

Date: April 27, 2016

County: Statewide

Project Description: Provide engineering and other professional related services for MDOT's Intelligent Transportation Systems (ITS) and Traffic Management Centers (TMC) – Statewide.

Dates Published in Clarion Ledger: April 6th and 13th, 2016

From: Scot Ehrgott, P.E. – MDOT Director of Consultant Services

Statement of modifications:

The purpose of this addendum is to make the following changes:

- 1. Page 2, Section 2 of the Request for Information (RFI) shall include the following changes:**

The CONSULTANT should provide a team organizational chart that lists each individual's name, job title for the project, and company of employment. In addition to the CONSULTANT providing a resume in the appendix for each individual anticipated to be assigned to the project as specified in the organizational chart, the CONSULTANT should also provide a written summary of each individual's experience and qualifications relative to those services specifically defined in this RFI. The CONSULTANT should also provide proof that the **Project Manager is licensed as a Mississippi Professional Engineer** and provide evidence that the CONSULTANT has met state licensure and certification requirements**. *While it is preferred, Mississippi registration is not required to propose on the Project. However, it is required prior to executing the Contract.* All certifications and licenses should be provided in the appendix.

This Addendum is effective this date and shall be used in the selection of any firms interested in submitting proposals for this Project.
